

The rapid! PayCard team provides the most comprehensive PayCard offering available. We start with a foundation of industry leading technology and full compliance support then ensure a successful ePayroll transition by DELIVERING MORE than just a financial product.

**Our mission** is to help our clients achieve a legally compliant 100% ePayroll program that benefits our clients financially, improves the lives of their employees, and creates a more sustainable environmental model for payroll delivery.

rapid! PayCard specializes in ePayroll solutions. The rapid! PayCard team uses developed tools and methodologies to completely and effectively train, support and communicate the value and benefits that you are providing with the rapid! PayCard to ensure ePayroll success.

## YOUR COMPANY CAN EXPECT TO:

**Reduce Cost** - Expanding direct deposit participation will save significant cost savings over the current method of printing and delivering checks and wage statements.

**Improve Efficiency** - The rapid! Paycard solution will expand electronic direct deposit participation and will eliminate the need to distribute regular pay checks and wage statements to employees. By eliminating paper checks exposure to check fraud will be minimized, lost or stolen check problems will be eliminated, business continuity will be improved and off-cycle payment problems will be lessened. Check fraud is one of the fastest growing forms of corporate fraud. The rapid! PayCard solution will significantly lessen the

chances of check fraud within your company to help ensure your business runs smoothly.

**Increase Corporate Environmental Responsibility** - Improving your direct deposit participation is a simple, safe and smart way to have a positive impact on the environment. If the 22 million American's who still don't have direct deposit for their pay used direct deposit, annually we would save 8.7 million pounds of paper and avoid releasing 25 million pounds of green house gas into the environment.

## ABOUT RAPID! PAYCARD

rapid! PayCard was established in 2003 and has been focused on employer payroll card programs since inception. The rapid! PayCard team understands the unique challenges employers face when implementing a PayCard program across multiple offices and with high-turnover staff. The rapid! PayCard service seamlessly integrates into any company's existing payroll/payments process and provides a complete electronic payment of wages or e-payroll. There is finally a way to save money, contribute to environmental sustainability, increase efficiency, and enhance your employee benefit offering.

We currently provide paycard services to companies across the United States with total employees in excess of 450,000. We have developed a comprehensive program that is specifically designed to meet the unique needs of employers with employees in all 50 states who wish to provide paycards in their companies.
